Electrical Permit #EL-1113822-2020

Dear Sir:

I have reviewed the manner in which the 1600 amp switchgear and the fire alarm have been seismically restrained. I have found that the installation conforms to the requirements set forth in subsection 4.1. 8 of the BC Building Code 'Earthquake Load and Effects'.

I am therefore issuing this LETTER OF COMPLIANCE for the work described above.

Sincerely
